RE: Contribution Rate Increase (Plan 6A)

Dear Employer:

The Board of Trustees has reviewed the Plan contribution rates for 2022 and have concluded that the following increase is required for Plan 6A effective August 1, 2022.

Effective for hours worked in July 2022 and payable in August 2022, the Plan 6A contribution rate will be as follows:

\$2,100.00 per employee/per month

Your July 2022 contribution report (work period) from the Trust Fund which will be issued August 1 will reflect these new rates.

Please feel free to contact the administrative office should you have any questions.
